# Application Specification 114 18464 Verarbeitungs

**application specification 114-13310 - te** - application specification 114-18148-1 provides termination procedures and application requirements for the mcp 2.8 mm receptacle terminals. application specification 114-18021 provides termination procedures and application requirements for the mqs 0.63 mm pin contacts.

2.5. **application specification 114-18464 verarbeitungs ...** - 114-18464 \_\_\_\_ rev u page 2 of 12 1 scope this specification covers the special guidelines for the processing of mcon 1.2 contacts. 2 referenced documents the following mentioned documents, if they are referred, are part of this specification. in case of conflict between the requirements of this specification and the product **application specification high-performance 114--6053 ...** - application specification high-performance 114--6053 locb ... this specification covers the requirement for application of high performance modular plug connectors for voice and data applications. the modular plugs are available in unshielded or shielded with 8 positions on 1.02 [.040]

**application specification undercarpet 114--6008 ...** - application specification undercarpet 114--6008 locb e2009tycoelectronics corporation, harrisburg, ... this specification covers the requirements for application of the undercarpet power system and is intended as ... specification to facilitate your inquiries for information. basic terms and features of this product are provided in **application specification 114-13000 - logic io** - application specification 114-13000 loc b 2002 tyco electronics corporation, harrisburg, pa. ... this specification covers the requirements for application of micro mate-n-lok connectors for printed circuit ... are placed on the pc board by hand application tooling or electrically-powered machines. **application specification 114-18488-1 st egd0** - application specification 114-18488-1 jan. 31st, ... 1.4 application specification the application specification for the solarlok contacts is 114-94061. for larger package units, the instruction sheet 411-18305 is included as a manual for assembly. 1.5 cleaning products **application specification amp+hva280-2phm high-voltage ...** - application specification 114-18148-1 or 114-18387 for specific crimp information. locate the contact to be crimped in the appropriate tooling according to the instructions packaged with that tooling. **application specification 114--2161 - farnell element14** - 114-2161 2 of 19 revf 2. referencematerial 2.1. revisionssummary revisions to this application specification include: s changed company logo 2.2. customerassistance reference product base part number 32945 and product code 3040 are representative of plasti--grip terminals and splices.
